

# Template<sup>0.1</sup>

Please follow precisely every instructions.\*

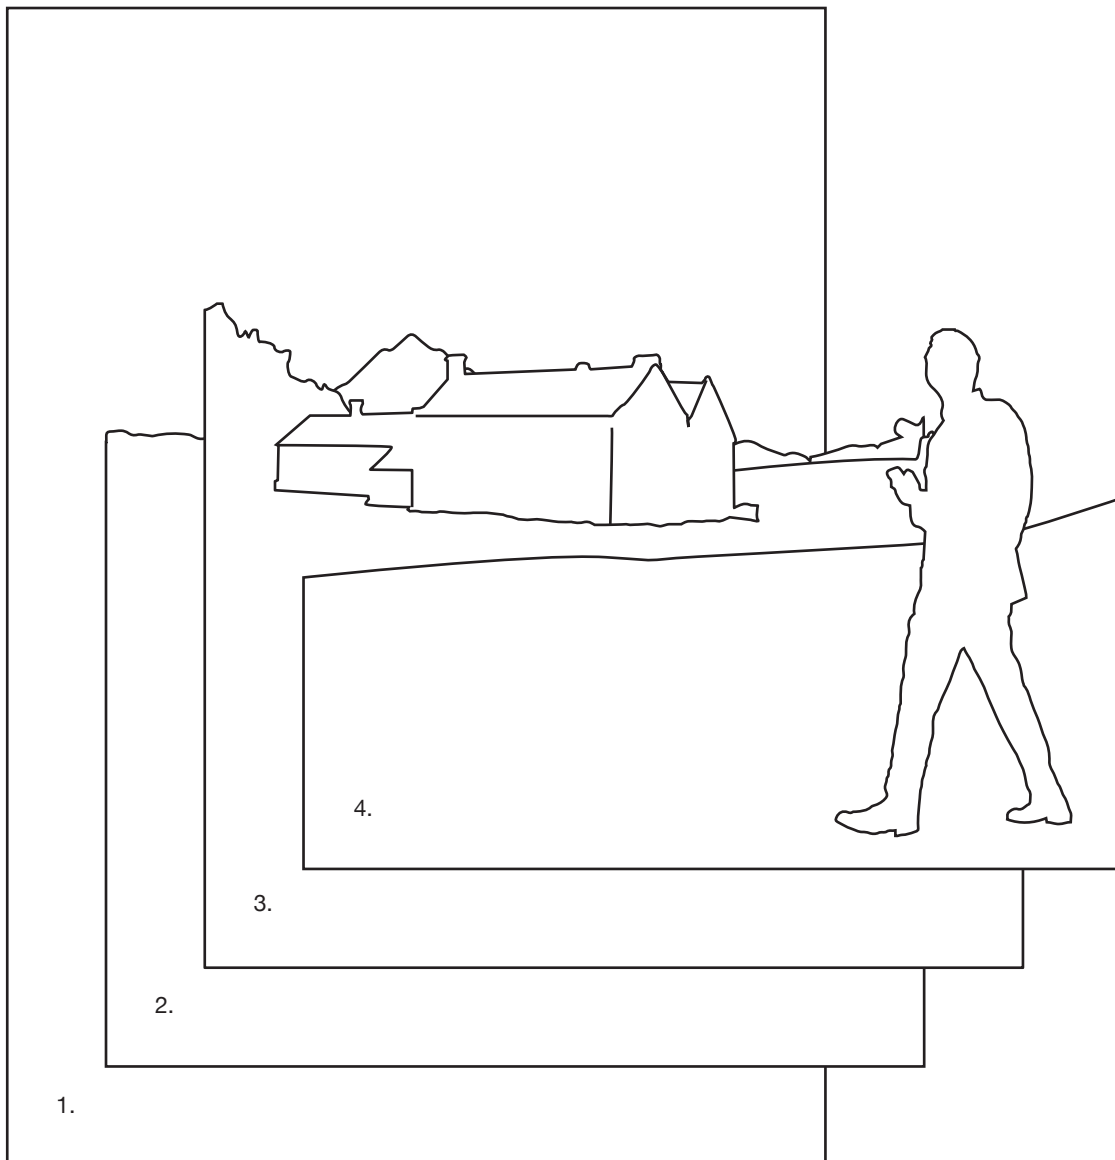

- 1.1 You need to illustrate the attached text in a single page. We have to clearly understand the link between the story and your artwork. Every choice you are making must be directly related and justified to/by the story-line.
- 1.2 To do so, create a new document 210 × 297 millimeters (8.27 × 11.69 inches)
- 1.3 The artwork must be in portrait mode.
- 1.4 You can work using as many layers as you may need, but the final artwork file must include 4 different layers. Each layer has a precise purpose. Please check the following template/infos to know about the layers displayment.

- 2.1 Layer 1. Add any type of sky that could fit the storyline.
- 2.2 Layer 2. Add a landscape scene. It can be anything, it will define where the story is taking place. Forest, city skyline, mountain, sea, etc.
- 2.3 Layer 3. Add a close-up scenery. There has to be a building. It can be absolutely any type of building. European house, tent, skyscraper, american farm, etc. It also has to have one or a few additional element(s). Tree, road, bridge, water well, character etc. It must contribute to the storyline
- 2.4 Layer 4. Add the main character(s) in the foreground.
